---	----

The rates of PRSI given in the following tables are applicable from **1 January 2015** and include the Social Insurance Contribution, which applies to **all** income in 2015.

### **Income for PRSI purposes**

PRSI is calculated on the employee's reckonable pay. Reckonable pay is the gross money pay plus notional pay (or benefit in kind) if applicable.

### **Share-based remuneration**

Share-based remuneration is subject to employee PRSI only, at the rate of 4%. Share-based remuneration, where applicable, should be included as income when determining the appropriate subclass for employees and when charging employee PRSI.

Share-based remuneration is not subject to employer PRSI. It should not be included as income when determining the appropriate subclass for employers and when charging employer PRSI.

In some cases this may result in a different PRSI subclass for the employer and for the employee.

Employer and employee PRSI should be added together as normal. If a different subclass applies to the employee and to the employer, the return must always be made at the employee's subclass.

### **Pension Contributions**

PRSI is fully chargeable on payments by private sector employees in respect of:

- Superannuation contributions
- Permanent health benefit schemes (including income continuance schemes)
- Revenue approved schemes established under irrevocable trusts, overseas pension schemes and other Revenue exempt approved schemes
- Personal Retirement Savings Account
- Deductions in respect of Revenue approved retirement funds

Civil and public servants will pay PRSI on the 'Pension levy' portion of their salaries.

Civil and public service employers do not have to pay any employer PRSI on the 'Pension levy'.

## Public Office holders

Certain Public Office holders pay PRSI at a rate of 4% on all income, where their income is over €5,200 a year. They should be returned at **Class K**. Public office holders with weekly income of €100 or less should be returned at **Class M**.

## Income of €100 or less

**IMPORTANT:** People with a nil liability, such as persons in receipt of occupational pensions and public office holders with a weekly income of €100 or less should be returned at **Class M** on that income.

## Occupational pensions

**Class M** relates to people with a nil contribution liability such as, employees under age 16, people aged 66 and over (including those previously liable for Class S), persons in receipt of occupational pensions (on their Occupational Pensions only) and public office holders with a weekly income of less than €100 a week.

## PRSI Classes B,C and D

PRSI Classes B, C and D will pay PRSI at 0.9% up to €1,443 per week and 4% on the balance.

## PRSI Class K

From 1 January 2013, Class K also applies to the additional earned self-employed income from a trade or profession of a modified rate contributor and on any unearned income they may have. This income is liable to a 4% PRSI charge.

From 1 January 2014, Class K may also apply to the unearned income of employed contributors and occupational pensioners (whether that pension arises from that person's own employment or the employment of their spouse or civil partner) aged under 66 years where this is the only additional income. This means that unearned income such as rental income, investment income, dividends and interest on deposits and savings may be liable to a 4% PRSI charge. For further details see 'Information on the Extension of PRSI Liability to Unearned Income' on [welfare.ie](http://welfare.ie).

## PRSI exemption on low earnings/income

Employees covered under Classes A, B, C, D, E and H with reckonable weekly pay of €352 or less are exempt from paying PRSI for that week. However, the employer must pay their share of PRSI as normal. **This will not affect employees' entitlement to benefits and pensions.** Employees whose weekly pay/income fluctuates above and below the €352 exemption limit are **not** entitled to an annual refund.

## Employee's PRSI-Free Allowance

The PRSI-Free Allowance has been abolished.

## Contributions for self-employed people

Self-employed people with a total income of €5,000 or more in the tax year pay Class S social insurance contributions. The contributions are paid on a person's gross income less capital allowances and allowable superannuation.

The arrangements for paying self-employed contributions are described below.

- Those who pay their tax directly to the Collector-General will pay their Social Insurance Contribution with their income tax. They will have to pay a Social Insurance Contribution of 4% of **all** income, or €500, whichever is greater.
- Those paying PAYE tax will have their contributions deducted from their income by their employers.
- Those who have been told by an Inspector of Taxes that they need not make a return of income must pay a flat rate contribution of €310 to this Department.
- Those whose main income comes from share fishing and who have been classified as self-employed may opt to pay an extra contribution for certain benefits under Class P. In addition to the Class S contribution, they will pay a contribution of 4% of all income over the PRSI-Free Allowance of €2,500 per annum or €200, whichever is the greater.

## Voluntary contributions

If you are no longer covered by compulsory PRSI, either as an employee or as a self-employed person, and you are under age 66, you may opt to become insured on a voluntary basis, so long as you satisfy certain conditions. The amount of a Voluntary Contribution in any contribution year is calculated as a percentage of your reckonable income, subject to a minimum and a maximum payment. There are three rates of voluntary contributions:

High rate:	Low rate:	Special rate:	Benefits covered:
✓		✓	<b>State Pension (Contributory)</b>
✓	✓	✓	<b>Widow's, Widower's or Surviving Civil Partner's (Contributory) Pension</b>
✓	✓	✓	<b>Guardian's Payment (Contributory)</b>

- High rate:** 6.6% for people who last paid PRSI at Classes A, E and H  
**Low rate:** 2.6% for people who last paid PRSI at Classes B, C and D  
**Special rate:** Flat rate of €500 for people who last paid PRSI at Class S.

## Redundancy Payments

An eligible employee is entitled to a statutory redundancy payment of 2 weeks pay for every year of service, plus a bonus week, subject to a maximum ceiling of €600 on gross weekly pay.

It is the responsibility of the employer to pay statutory redundancy to all eligible employees.

Employers who pay their employees statutory redundancy are entitled to a rebate of a percentage of that payment from the Department where the date of termination by reason of redundancy is on or before 31 December 2012. **No rebate is payable to an employer if the date of termination by reason of redundancy is on or after 1 January 2013.**

The prescribed time limit for making a redundancy rebate claim is six months from the date on which the employer paid the statutory redundancy payment to the employee.

Where an employer can prove to the satisfaction of the Department that it is unable to pay statutory redundancy to its eligible employees the Department will make lump sum payments directly to those employees and will seek to recover the debt from the employer.

The prescribed time-limit for submitting a redundancy lump sum payment is 52 weeks from the date of termination of employment. The Employment Appeals Tribunal (EAT) has discretion to extend the 52 week time-limit to 104 weeks in certain circumstances.

## Insolvency Payments

This scheme provides for the payment of certain outstanding entitlements relating to the pay of an eligible employee where employment has been terminated because of the employer being insolvent as defined by the rules of the scheme (for example, liquidation or receivership).

Payments are calculated by reference to an employee's wages and are subject to a limit of €600 a week. A limit of eight weeks applies in respect of arrears of wages, holiday pay and minimum notice payments.

The scheme covers wage related entitlements relating to the period not exceeding 18 months immediately prior to the date of insolvency. Arrears of pension are restricted to a 12 month period immediately prior to the date of insolvency.

All applications for entitlements under the insolvency payments scheme must be made by the employer representative (normally a liquidator, receiver or administrator).

## Community Employment Programme

The Community Employment (CE) Programme is designed to help people who are long-term unemployed and other disadvantaged people to get back to work by offering part-time and temporary placements/training opportunities in jobs based within local communities. The rate of payment for new applicants based on 19.5 hours worked will be the equivalent to your existing DSP payment plus a €20 participation bonus with a minimum payment of €208.

## Rural Social Scheme

The Rural Social Scheme (RSS) provides income support for farmers and fishermen who are in receipt of certain Department of Social Protection (DSP) payments.
