The Training Expo takes place on Wednesday 25th July 2018 from 1pm to 4pm.

The Springboard+ up-skilling programmes are aligned to the top up-skilling needs of manufacturing, engineering, pharma and biopharma sectors. All programmes are part-time (often using blended methods) to facilitate those in full-time employment.

This is an opportunity to meet with local training providers to discuss the range of course options available and to hear about the subsequent career prospects.
